

FleetPulseGO CargoView

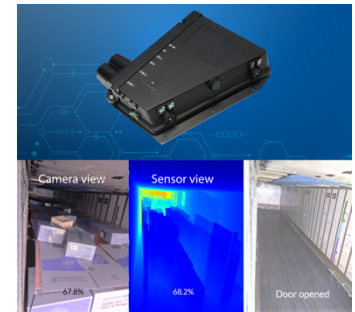

Revolutionary Cargo Monitoring for Optimal Fleet Efficiency

Key Benefits

- **Enhanced Visibility:** Dual-camera system for clear cargo images in any lighting condition
- **Precise Load Status:** Accurate information on loaded, unloaded, and untethered trailers
- **Theft Prevention:** Real-time alerts when doors are opened or closed

Features

- LTE Cat 4 connectivity with dual SIM-carrier support
- Stereo vision occupancy sensing
- Ultrasonic sensor for precise load status and capacity information
- Door sensor for immediate open/close notifications
- 15Ah rechargeable battery with solar panel compatibility
- Operational in extreme temperatures (-40°F to 158°F)

Value to Your Fleet

Maximized Efficiency

- Reduce empty miles with accurate load status information
- Optimize trailer utilization and route planning
- Minimize dwell time with real-time cargo visibility

Enhanced Security

- Prevent cargo theft with immediate door open/close alerts
- Visual verification of cargo status for quick issue resolution

Improved Customer Service

- Provide accurate ETAs based on real-time load status
- Quickly address discrepancies with visual cargo evidence

Cost Savings

- Reduce rejected deliveries and associated costs
- Minimize unnecessary trips and fuel consumption

Why FleetPulseGO CargoView?

FleetPulseGO CargoView revolutionizes how you monitor and manage your cargo. By providing unprecedented visibility into your trailers, it enables you to make data-driven decisions that optimize operations, enhance security, and improve customer satisfaction. Its advanced features go beyond traditional telematics, offering a comprehensive solution for modern fleet management challenges.

See your cargo in a new light and drive your fleet's performance with FleetPulse GO: CargoView.
